with a view to reducing disputation. The parties will continue to embed an interest-based problem solving (IBPS) approach at the Department of Health, and Hospital and Health Service levels between the nursing and midwifery workforce and management as an effective way of achieving shared objectives. Where appropriate and practical, the parties will attempt to resolve any disputes informally in a timely manner using the relevant grievance procedure prior to referring the dispute to the QIRC.

- 10.2 The parties recognise the role of the Chief Executive as a party to all disputes regarding all industrial matters.
- 10.3 The parties agree the following procedures shall apply:

(b) Stage 2

If the matter is not resolved at Stage 1, it shall be referred by the Union representative and/or the employee/s to the appropriate management representative who shall arrange a conference for the parties to discuss the matter. This process should not extend beyond 7 days.

(c) Stage 3

If the matter cannot be resolved at Stage 2, either party may refer the matter to NaMIG. Where NaMIG forms a unanimous view on the resolution of the grievance, this is the position that must be accepted and implemented by the parties and will be given effect by the Chief Executive.

(d) Stage 4

If the matter remains unresolved at Stage 3, either party may refer the matter to the QIRC for conciliation and if required, arbitration.

11.2 Where a bona fide safety issue is involved the employer will ensure that:

- (a) the *status quo* prior to the existence of the grievance will continue while the grievance procedure is being followed, provided that maintenance of the *status quo* will not apply in an unsafe environment; and/or

- 11.5 For the purposes of this clause *status quo* means whilst the grievance procedure is being followed, normal work will continue as it was prior to the grievance except in the case of a genuine safety issue.

12. Posting of Agreement

- (c) 3% payable from 1 April 2024

13.2 The allowances for nurses and midwives will be increased by the same percentage as the wage increases at clause 13.1 of this Agreement (if applicable) and contained in Schedule 2 and Schedule 9 to this Agreement.

13.3 Any State Wage Case increases will be absorbed into the pay points prescribed in this Agreement. Provided that any annual State Wage Case increase which would provide a higher overall annual wage rate than those prescribed in Schedule 1 and Schedule 9 to this Agreement will be applied from the operative date of the State Wage Case. Further, any associated State Wage Case increase to allowances listed in Schedule 2 and Schedule 9 to this Agreement will be absorbed. This does not limit allowances not specified in Schedule 2 to this Agreement being increased in accordance with any State Wage Case decision.

14. Cost of Living Adjustment (COLA) Payments

14.1 Definitions

The following definitions apply for the purposes of the Cost-of-Living Adjustments (COLA) Payments clause:

agreement year – means one of the three 12-month periods from 1 April in one year to 31 March in the following year that includes a *calculation date*.

base wages – for an *eligible employee*, means the salary actually payable to the particular employee in the relevant *agreement year* for work covered by this Agreement and includes higher duties performed by the employee under this Agreement and includes the casual loading where applicable. It does not include any other allowances or additional payments howsoever described (such as: disability allowances or special rates, all-purpose allowances, overtime payments, shift penalties, weekend penalties, public holiday penalties, aggregated penalties or allowances, any payments of accrued leave where the leave is not taken; any payments for TOIL where the TOIL is not taken, COLA payments from previous periods, etc).

calculation date – means, either:

- (a) 31 March 2023 (COLA Payment Year 1); or

- (b) 31 March 2024 (COLA Payment Year 2); or
- (c) 31 March 2025 (COLA Payment Year 3).

COLA payment percentage – see section 14.3.2

CPI – means the Brisbane Consumer Price Index (all groups, March quarter annual percentage change from the March quarter of the previous year), for the March that falls within the relevant *agreement year*, as published by the Australian Bureau of Statistics. Treasury will advise agencies of the CPI relevant to COLA considerations upon its release in each year.

eligible employee – see clause 14.2.

Queensland government employee – means a person employed in a government entity, as defined in section 24 of the *Public Service Act 2008* as in force at 1 October 2022, and the entities specified at sections 24(2)(c), 24(2)(d) and 24(2)(h) of the Act: the parliamentary service, the Governor’s official residence and its associated administrative unit, and the police service.

wage increase under the Agreement – means the wage increase of either 4%, 4% or 3%, as specified in clause 13 of this Agreement, that occurs at the commencement of an *agreement year*.

14.2 Eligibility

14.2.1 *Eligible employees* covered by this Agreement may be entitled to receive Cost of Living Adjustment (COLA) payments based on the *calculation dates*, for up to three years only, and ending for the *calculation date* of 31 March 2025.

14.2.2 An employee is an *eligible employee* if they performed work under this Agreement during a relevant *agreement year* and they are covered by this Agreement on the relevant *calculation date* for the associated COLA Payment.

14.2.3 In recognition of employee mobility across the sector, where an employee would otherwise be an *eligible employee* in accordance with clause 14.2.2, but they are not covered by this Agreement on the relevant *calculation date* due to being employed elsewhere as a *Queensland government employee* on the *calculation date*, they will be deemed to be an *eligible employee* for the associated COLA Payment. To facilitate payment of the COLA Payment in this circumstance, the employee is required to provide relevant details of their eligibility to the relevant Queensland Health payroll team. Contact details are found on the Queensland Health Intranet on the Payroll and Rostering (PARIS) page.

Example – an employee works for the first 3 months under this Agreement, during a relevant agreement year, then takes up employment with a different department. They remain employed with the new department as at the relevant calculation date under this Agreement. Provided the employee provides the required notice and details of their current employer (as specified above) which confirms that they are a Queensland government employee as at the calculation date, they will be an eligible employee for that particular COLA Payment.

14.2.4 An employee who starts being covered by this Agreement after a *calculation date* is not eligible for the associated COLA Payment.

Example – an employee starts being covered by the agreement on 17 April 2023. The employee is not eligible for COLA Payment Year 1.

14.2.5 An *eligible employee* who did not perform work under this Agreement for the full *agreement year*, will receive a pro-rata COLA payment by reference to the *base wages* they received that was attributable to work under this Agreement.

Example one – an eligible employee is employed and works for 5 months under this Agreement during a relevant agreement year. Their base wages for the agreement year will reflect the 5 months they worked.

Example two – an eligible employee is employed for 12 months under this Agreement during a relevant agreement year and in those 12 months, works for 6 months, takes 3 months leave at half pay and takes 3 months leave without pay, under this Agreement. Their base wages for the agreement year will reflect the 6

months they worked, 3 months where they earned half pay and 3 months where they earned no pay.

Example three – an employee is employed for 12 months under this Agreement during a relevant agreement year and in those 12 months, works for 6 months under this Agreement and is temporarily seconded and works for 6 months under a different Agreement. Their base wages for the agreement year will reflect 6 months they worked under this Agreement.

- 14.2.6 An *eligible employee* who is casual or part-time will receive a pro-rata COLA payment based on the hours they worked in the relevant *agreement year* because of the definition of *base wages*.

Example – a part-time employee works 0.6 full-time equivalent during the agreement year. The employee's base wages for the agreement year reflect their hours of work.

- 14.2.7 In addition to the other requirements of clause 14.2, casual employees are eligible employees provided they have performed work under this Agreement, or as a *Queensland government employee*, within the 12-week payroll period immediately prior to the relevant *calculation date*.

14.3 Calculation and payments

Step one

- 14.3.1 A COLA Payment is only payable if, for the relevant agreement year, CPI exceeds the wage increase *under the Agreement*.

Step two

- 14.3.2 The relevant COLA Payment is calculated by first determining the percentage difference between the *wage increase under the Agreement* and *CPI* for the relevant *agreement year* and each COLA Payment is capped at 3% (the 'COLA percentage').

Example one: For COLA Payment Year 3, the agreement year is 1 April 2024 to 31 March 2025. The wage increase under the Agreement is 3% on 1 April 2024. In April 2025, the ABS releases the CPI figure for March 2025 as 3.9%. The COLA Payment is calculated as the difference between 3% and 3.9%, i.e. 0.9%. 0.9% is less than the 3% cap, therefore the COLA percentage is 0.9%.

Example two: For COLA Payment Year 1, the agreement year is 1 April 2022 to 31 March 2023. The wage increase under the Agreement is 4% on 1 April 2022. In April 2023, the ABS releases the CPI figure for March 2023 as 7.5%. The COLA Payment is calculated as the difference between 4% and 7.5%, i.e. 3.5%. However, because the COLA Payment is capped at 3%, the COLA percentage is 3%.

Step three

- 14.3.3 To calculate an *eligible employee's* COLA Payment, the relevant employee's *base wages* for the *agreement year* are adjusted to determine what their *base wages* would have been if the *relevant wage increase under the Agreement* had not been applied for that *agreement year*. This is done by using the following formula to first determine the value of 'a':

$$a = 100 / (1 + \text{relevant wage increase under the Agreement expressed as a decimal})$$

Then the relevant employee's *base wages* are then multiplied by 'a', where 'a' is expressed as a percentage:

Example: The wage increase in the Agreement for that agreement year was 4% on 1 April 2022. The base wages payable to the relevant employee for the agreement year from 1 April 2022 to 31 March 2023 is \$90,000. The calculation occurs as follows:

(a) $a = 100 / (1 + 0.04)$

(b) $a = 96.1538$

(c) $\$90,000 \text{ adjusted by } 96.1538\% = \underline{\underline{\$86,538.42}}$

Step four

14.3.4 The figure from clause 14.3.3 is then multiplied by the COLA Percentage calculated in clause 14.3.2 to determine the particular employee's COLA Payment for that *agreement year*.

Example: The COLA percentage is 3%.

(a) $\$86,538.42$ multiplied by 3% = $\$2,596.15$

14.3.5 COLA Payments are one-off, do not form part of base salary and will be taxed according to the applicable law.

14.4 Timing of information and payments

14.4.1 For *eligible employees* under clause 14.2.2, if payable, the relevant COLA Payment will be made within three (3) months following the relevant *calculation date* and release of the *CPI*.

14.4.2 For *eligible employees* under clause 14.2.3, if payable, the relevant COLA Payment will be made within three (3) months of the employee providing the notice of their employment pursuant to clause 14.2.3.

14.4.3 Queensland Health and the Department of Education will provide advice to unions and employees covered by this Agreement on the timing of payroll processing for each COLA payment.

15. Payroll

15.1 The employer will continue to work with health unions to implement system-wide payroll solutions.

15.2 The parties acknowledge the employer is working to introduce new technology such as real-time rostering and processing which will address ongoing issues regarding over and underpayments and streamline pay roll processes. The parties agree to continue to consult regarding the introduction of these new procedures. Consultation will include nursing stakeholders at the local level such as NUMs and MUMs.

15.3 The parties agree to work together to identify ways to increase employee satisfaction and access to meaningful payroll information for employees.

15.4 Underpayments

The employer is committed to correcting individual employee underpayments in a timely manner. If an employee incurs an underpayment the employer will:

- (a) upon being advised of an underpayment, acknowledge the contact by the employee within 24 hours;
- (b) when an underpayment is validated, and relevant paperwork authorised and submitted (if necessary), the employer will ensure the underpayment is corrected within the current pay cycle; and
- (c) process an 'ad hoc' payment at the request of the employee, where the employee demonstrates exceptional circumstances.

15.5 Overpayments

In light of the above processes regarding underpayments, if an employee is also notified of an overpayment, the employer will not pursue this separately to any underpayment for the individual if the over and underpayment are sufficiently related. The individual case management approach will ensure such coordination of correcting an individual's overpayments and underpayments occurs.

16. Superannuation

16.1 Superannuation contributions will be made to a fund of the employee's choice, provided the chosen fund is a complying superannuation fund that will accept contributions from the employer and the employee.

16.2 Where an employee has not chosen a fund in accordance with clause 16.1 above, the employer must make superannuation contributions for the employee (including salary sacrifice contributions) to the

Government Division of the Australian Retirement Trust (known as QSuper).

- 16.3 The choice must be made in a form determined by the employer or in any standard form released by the Australian Taxation Office. The employer must implement the employee's choice for superannuation contributions made at any time after 28 days from the date the employee's choice is received.
- 16.4 The employer must contribute to a superannuation fund for an employee the greater of:
- (a) The charge percentage prescribed in the *Superannuation Guarantee (Administration) Act 1992* (Cth) (**SGAA Act**), of the "ordinary time earnings" of the employee as defined in the SGAA Act; and
 - (b) the rate prescribed by regulation under section 23 of the *Superannuation (State Public Sector) Act 1990* (Qld) or, in absence of a regulation, as prescribed under section 64 of the *Superannuation (State Public Sector) Act 1990* (Qld).

17. Salary Sacrificing

- 17.1 An employee may elect to sacrifice 50% of salary payable under this Agreement, and also where applicable the payments payable via the employer to the employee under the *Paid Parental Leave Act 2010* (Cth).
- 17.2 Despite clause 17.1 above, employees may sacrifice up to 100% of their salary for superannuation.
- 17.3 The individual salary packaging arrangements of any employee will remain confidential at all times. Proper audit procedures will be put in place which may include private and/or Auditor-General reviews. Authorised union officials will be entitled to inspect any record of the employer to ensure compliance with the salary sacrificing arrangements, subject to the relevant industrial legislation.
- 17.4 For the purposes of determining what remuneration may be sacrificed under this clause, 'Salary' means the salary payable under Schedule 1 to this Agreement, and also where applicable the payments payable via the employer to the employee under the *Paid Parental Leave Act 2010* (Cth).
- 17.5 Salary sacrificing arrangements will be made available to the following employees covered by this Agreement in accordance with Office of Industrial Relations Circular C1- 18 (Arrangements for Salary Packaging) and any other relevant Office of Industrial Relations Circulars issued from time to time:
- (a) permanent full time and part time employees;
 - (b) temporary full time and part time employees; and
 - (c) long-term casual employees as determined by the *Industrial Relations Act 2016* (Qld).
- 17.6 FBT Exemption Cap: The FBT exemption cap is a tax concession under the *Fringe Benefits Tax Assessment Act 1986* (Cth) for limited categories of employers. The FBT exemption cap is not an employee entitlement. The manner of the application of the FBT exemption cap is determined by the employer in accordance with the FBT legislation. Under the FBT legislation, to be eligible for the FBT exemption cap at the time fringe benefits are provided, the duties of the employment of an employee must be exclusively performed in, or in connection with, a public hospital or predominantly involved in connection with public ambulance services.
- 17.7 Where an employee who is ineligible for the FBT exemption cap sacrifices benefits attracting FBT, the employee will be liable for such FBT.
- 17.8 Under the FBT legislation, the FBT exemption cap applies to all taxable fringe benefits provided by the employer, whether through the salary sacrifice arrangements or otherwise. Where an employee who is eligible for the FBT exemption cap sacrifices benefits attracting FBT, the employee will be liable for any FBT caused by the FBT exemption threshold amount being exceeded as a result of participation in the salary sacrifice arrangements. To remove any doubt, any benefits provided by the employer separate from the salary sacrifice arrangements take first priority in applying the FBT exemption cap.

18. Casual Employment

- 47.3 Aboriginal and Torres Strait Islander cultural awareness training must be undertaken by any employee who does not identify as Aboriginal or Torres Strait Islander who backfills an identified position.
- 47.4 If the position cannot be filled by an employee who identifies as Aboriginal or Torres Strait Islander, a non-identified employee may be employed in the position for no longer than 12 months. The role must be advertised as vacant at least every six months, in a further attempt to attract an identified Aboriginal or Torres Strait Islander employee to the position.
- 47.5 The parties recognise the importance of development opportunities to enable employees who identify as Aboriginal or Torres Strait Islander to progress in their careers and will provide development opportunities wherever possible.
- 47.6 Identified Aboriginal or Torres Strait Islander employees will have their professional development supported at all stages of their career through effective succession planning.
- 47.7 The parties will review the Skills Transfer Guideline during the life of this Agreement and consider how it can be used to improve succession planning for key or identified positions.

48 Banked time arrangements

- 48.1 Banked time is endorsed as a means of creating flexibility at the local level to meet the needs of the nursing and midwifery workforce and service requirements. An employee 'banks' hours by mutual agreement through upwards and downwards adjustments in accordance with business rules agreed by the parties.
- 48.2 The business rules will include:
- (a) ongoing participation by individual agreement which may be varied or withdrawn by either party at any time by reasonable notice;
 - (b) agreement by the relevant line manager;
 - (c) consideration of the broader organisational needs;
 - (d) ongoing consultation between the individual and relevant line manager;
 - (e) defined maximum credit and debit hours;
 - (f) alignment with the development of the service profile within the BPF;
 - (g) consideration of the need for managers to be able to deploy staff to different clinical units to balance workloads and meet periods of increased and decreased activity, subject to competency/skill set;
 - (h) regular audit of rosters in accordance with the Principles of Best Practice Rostering: Queensland Health Guidelines; and
 - (i) appropriate governance arrangements including record keeping.

49 Development through secondment

- 49.1 Wherever possible, an employee after a successful application process will be released to undertake a secondment, including secondment to another Government entity, that will assist in career development.
- 49.2 The decision to agree to second a nurse or midwife, or to extend a secondment, is at the discretion of the appropriate delegate. When considering a secondment, the relevant manager will take a Queensland Health-wide perspective, rather than local, including the recognition of the value of staff mobility and professional development.
- 49.3 A secondment can be refused by the employer only when there are significant operational reasons.

50 Continuity of service when moving between positions

- 50.1 Where an employee moves positions from one Hospital and Health Service to another Hospital and Health Service, or from a Hospital and Health Service to the Department, the employee's employment is not considered to be terminated by the employer unless requested by the employee.
- 50.2 To ensure an employee's entitlements transition between positions, the effective date of the movement to the new engagement/position must be continuous from the end date of the previous engagement.
- 50.3 The below entitlements will move with an employee when they transition between positions (when the movement between positions is continuous as outlined at clause 50.2 above):
- (a) annual leave balance;
 - (b) sick leave balance;
 - (c) long service leave balance;
 - (d) professional development leave balance.
- 50.4 In addition, the below entitlements will transition with the employee where the employee remains covered by this Agreement and the entitlement remains applicable to the new position:
- (a) Rural and remote incentives;
 - (b) Professional development allowance;
 - (c) Qualifications allowance (where the qualification remains relevant to the new position).

51 Disaster relief

- 51.1 This clause applies where a Health Service Chief Executive or delegate determines that the HHS is required to respond to an impending or potential disaster or disaster; impending or potential public health emergency or a public health emergency, or other event that would overwhelm resources.
- 51.2 Employees will be provided with meals and water where it is possible and reasonable to do so and where the employee is unable to provide their own meals and water because they are unable to leave the facility.
- 51.3 Where an employee is unable to leave the facility, or is required to remain at the facility for long periods of time and it is reasonable and necessary, the employee will be provided with rest space, accommodation and amenities.
- 51.4 If an employee is unable to attend work or a suitable alternative place of work because of a disaster the employee will receive payment for special leave pursuant to Special leave HR Policy C7.
- 51.5 The parties agree, time off in lieu (TOIL) is inappropriate during or after a declared disaster given the need to work beyond usual hours to maintain clinical services.
- 51.6 Nurse Grade 10 and above

A Nurse Grade 10 and above may claim overtime in the following circumstances:

- (a) When a disaster has been declared under the Disaster Management Act 2003 or when an "internal" disaster, limited to a particular Hospital and Health Service (or facility/service), is declared by a Hospital and Health Service Chief Executive (or delegate).
- (b) The employee works additional hours that attract the overtime payment as a direct consequence of the declared disaster. All claimed overtime must have been worked in order to maintain clinical services, either during or after a declared disaster.
- (c) All overtime must be authorised and paid in accordance with clause 20.2 of this Agreement.

52 Access to leave entitlements

- 52.1 The parties recognise the right of employees to access all leave entitlements contained in the Award and this

Agreement.

52.2 Annual leave

- (a) The parties recognise the importance of annual leave in supporting employees to manage fatigue.
- (b) The employer will provide quarterly reports to NaMIG providing details of annual leave usage by employees.

52.3 Domestic and Family Violence Leave

- (a) An employee, other than a casual employee, is entitled to 10 days of domestic and family violence leave on full pay in a year in accordance with section 52, 53 and 54 of the *Industrial Relation Act 2016*.
- (b) A long term casual employee is entitled to 10 unpaid days of domestic and family violence leave in a year in accordance with sections 52, 53 and 54 of the *Industrial Relations Act 2016*.

52.4 Cashing Out Long Service Leave

Employees are entitled to cash out their accrued long service leave after becoming eligible for long service leave on compassionate grounds or on the ground of financial hardship.

53 Rural and Remote Directors of Nursing

Employees whose positions were reclassified from Nurse Grade 9 to Nurse Grade 10 in accordance with clause 38.4 of the NMEB10 will continue to retain an entitlement to the qualifications allowance and additional weeks leave while they remain employed in the reclassified Nurse Grade 10 position.

54 Remote Area Nursing Incentive Package (RANIP)

54.1 The Modified Monash Model (MMM) is the tool for classifying sites as remote.

54.2 Locations classified at MMM6 (remote) and MMM7 (very remote) may be designated as RANIP locations.

54.3 To address attraction and retention challenges, a Hospital and Health Service may seek approval of the Chief Executive to have a MMM6 or MMM7 location designated as a RANIP location and be able to provide some or all of the current RANIP entitlements.

54.4 Such applications must be made in accordance with HR Policy C2 – *Remote Area Nursing Incentive Package (RANIP)*.

54.5 Isolation allowance

- (a) RANIP employees will be paid the annual isolation allowance at clause 13.2 of the Award, except where they are eligible for a greater allowance under clause 13.8 of the Award.
- (b) To avoid any doubt, this clause applies to the extent of any inconsistency with clause 13.2(c) of the Award.

55 Priority transfers for employees who have completed remote service

The parties will develop during the life of the agreement, principles and a process to ensure that remote service is given appropriate consideration when an employee who has undertaken a period of remote service applies to undertake a position in a rural or metropolitan facility.

56 Remote flexible roster agreement

56.1 Where the employer identifies a need to consider alternative strategies to recruit and retain a nurse or midwife to a particular MMM6 or MMM7 location, it may enter into a remote flexible roster agreement with an employee.

56.2 A remote flexible roster arrangement can only be made by agreement between the employer and the

employee concerned.

- 56.3 A remote flexible roster agreement will operate similarly to a purchased leave agreement, allowing an employee to purchase periods of leave by fortnightly deductions from net salary over a period of time. The fortnightly salary deductions are set aside and accessed as “salary” during periods of leave without pay. Those periods will be free from duty but paid through the deductions previously accrued and allow the employee to travel away from the designated remote area.
- 56.4 A remote flexible roster agreement template, setting out the terms of such agreements, will be developed by the parties in the first six months of the Agreement and must be used when parties enter into a remote flexible roster agreement.
- 56.5 Employees who enter into a remote flexible roster agreement will have the following conditions apply:
- (a) Where they are employed in a designated RANIP location they will continue to be eligible for RANIP entitlements on a pro rata basis in accordance with their individual agreement.
 - (b) All reasonable travel expenses related to the remote flexible roster agreement – including travel time to and from the employee’s home (away from the MMM6 or MMM7 location), travel time to the workplace and accommodation will be met by the employer.
 - (c) The employer will provide accommodation while the employee is at the remote workplace.
 - (d) The annual leave entitlements will apply in accordance with clause 35 of this Agreement depending upon the type of service in which the employee works.
 - (e) The employee must use accrued annual leave, professional development leave or long service leave during periods the employee is rostered “away” from the remote location.

57 Job Security

- 57.1 The employer is committed to maximising job security for its permanent nurses and midwives.
- 57.2 The parties acknowledge that job security for nurses and midwives assists in ensuring workforce stability, cohesion and motivation.
- 57.3 Job reductions by forced redundancies will not occur.
- 57.4 Volunteers and other unpaid persons will not be used to fill funded vacant positions.

58 Permanent Employment

- 58.1 In accordance with the employer’s commitment to job security, permanent employment is the default basis of employment for all employees.
- 58.2 As the foundation of good workforce planning and productivity, the employer is committed to maximising permanent employment and will maintain a rate of at least 90% permanent employment of nurses and midwives in Hospital and Health Services.
- 58.3 While permanent employment is the preferred form of engagement, an employee may be engaged for a fixed term to perform work of a type ordinarily performed by a permanent employee, if permanent employment is not viable or appropriate, having regard to human resource planning carried out by the employer.
- 58.4 Without limiting clause 58.3 above, fixed term temporary employment may be appropriate if employment is for any of the following purposes:
- (a) To fill a temporary vacancy arising because a person is absent for a known period;
 - (b) To perform work for a particular project or purpose that has a known end date;
 - (c) To fill a position for which funding is unlikely or unknown;

- (d) To fill a short-term vacancy before a person is appointed permanently;
 - (e) To perform work necessary to meet an unexpected short-term increase to workload.
- 58.5 Also without limiting clause 58.3 above, permanent employment may be viable and appropriate if a person is required to be employed for a purpose mentioned in clause 58.4 on a frequent or regular basis.
- 58.6 A casual employee will not be engaged to permanently or temporarily fill any full-time or part-time position which should be filled by a permanent or temporary employee. A casual employee may be engaged to meet emergent circumstances such as unexpected or unplanned leave for short periods.
- 58.7 The employer supports the accepted industrial principle that temporary and casual nurses and midwives have the right to raise concerns with the employer in relation to their employment status or any other work-related matters without fear of victimisation.
- 58.8 NaMIG reporting:
- (a) The makeup of the workforce in terms of types of employment will be reported quarterly in accordance with the reporting requirements at Schedule 4 to this Agreement.
 - (b) The employer will provide quarterly reports to NaMIG on the conversion of temporary and casual employees covered by this Agreement, in accordance with section 149B of *the Public Service Act 2008*. The reports will include the number of employees eligible for conversion (two years service) and the number of employees converted, by Hospital and Health Service.

59 Part-time hours review

- 59.1 Permanent part-time employees, following approval, may work more than their substantive (contracted) hours on an ad-hoc or temporary basis.
- 59.2 Where an employee works more than their substantive (contracted) hours on a regular basis over a 12 month period, the employee may request in writing to amend their substantive permanent part-time hours to reflect the increased hours worked.
- Provided that if an employee has been working additional hours prior to the operative date of this Agreement, time spent working those hours may be counted in the 12 months. If an employee has worked a full 12 months of additional hours prior to the operative date, they may make a request for a change to their contracted hours immediately.
- 59.3 When assessing a request to review part-time hours, the employer will consider whether the additional hours that have been worked by the employee are:
- (a) a result of an employee being absent on leave, such as annual leave, long service leave, parental leave, or workers compensation. If there is likely to be an ongoing need in the work unit for the backfill of leave, the employee may be considered for a permanent increase in contracted part-time hours; or
 - (b) due to a temporary increase in hours only in response, for example, to the specific needs of a resident or client; or
 - (c) worked backfilling a different position or work undertaken in a different type of role.
- 59.4 Requests to amend substantive permanent part-time hours cannot increase the establishment of a work unit.
- 59.5 Requests to amend substantive permanent part-time hours must not be unreasonably refused.
- 59.6 If an employee is refused an increase to their contracted hours pursuant to this clause, they must be provided with written reasons for the decision within seven days of the making of that decision.

60 Contracting Out

- 60.1 It is the clear policy of the employer not to contract out or to lease current services. The parties are

committed to maximising permanent employment where possible. There will be no contracting out, outsourcing or leasing of services currently provided by the employer at existing sites except in the following circumstances:

- (a) in the event of critical shortages of skilled staff;
- (b) the lack of available infrastructure capital and the cost of providing technology;
- (c) extraordinary or unforeseen circumstances; or
- (d) it can be clearly demonstrated that it is in the public interest that such services should be contracted out.

60.2 In circumstances where contracting out occurs due to the existing workforce not having the required skill set to undertake the project or roles required, the employer agrees to provide evidence of this. Where contracting out occurs, contracts should include skills and knowledge transfer as part of the contract conditions where there is a requirement for ongoing use of those skills or knowledge.

60.3 Consultation Processes – General

- (a) Where the employer is considering contracting out or leasing current services, the union will be consulted as early as possible. Discussions will take place before any steps are taken to call tenders or enter into any otherwise binding legal arrangement for the provision of services by an external provider.
- (b) For the purpose of consultation, the union will be given relevant documents. The employer will ensure that the union is aware of any proposals to contract out or lease current services. It is the responsibility of the union to participate fully in discussions on any proposals to contract out or lease current services.
- (c) If, after full consultation as outlined above, nurses and midwives are affected by the necessity to contract out or lease current services, the employer will:
 - (i) negotiate with the union employment arrangements to assist nurses and midwives to move to employment with the contractor;
 - (ii) ensure that nurses and midwives are given the option to take up employment with the contractor;
 - (iii) ensure that nurses and midwives are given the option to accept deployment/redeployment with the employer; and
 - (iv) ensure that as a last resort, nurses and midwives are given the option of accepting voluntary early retirement.

60.4 NaMIG Approval

Regarding the lack of available infrastructure capital and the cost of providing technology, and where it can be clearly demonstrated that it is the public interest that such services should be contracted out, contracting out cannot occur until agreement is obtained at NaMIG, providing that such agreement will not be unreasonably withheld.

60.5 Consultation Processes – Emergent Circumstances

- (a) The employer can contract out or lease current services without full consultation with the union in cases where any delay would cause immediate risks to patients and/or detriment to the delivery of public health services to the Queensland public.
- (b) Where possible, the employer will engage in rapid consultation with the Union utilising an interest-based problem solving approach before a final decision is implemented.
- (c) In all cases information must be provided to the union and tabled for discussion at the next NaMIG, for review in relation to these cases and to assist in determining strategies to resolve any issues that arise. These circumstances would include:
 - (i) in the event of critical shortages of skilled staff; or

- (ii) extraordinary or unforeseen circumstances.

61 Collocation

- 61.1 If it is intended that there are further collocations of public and private health services, full consultation will occur at the outset with the union.
- 61.2 Collocation of public and private health services will not result in the diminution of public health services or public sector industrial relations standards in Queensland. Collocation agreements will not diminish existing arrangements for provision of public health services by the employer on a collocated site. This will not prevent the public sector providing services to the private health sector.

PART 4 – CONTINUING NURSING AND MIDWIFERY WORKFORCE ENHANCEMENT

62 Innovation and professional engagement

62.3 The parties agree changes to work practices should be informed by the development of new models of care that are evidence based and properly meet the needs of the community, nurses and midwives and the employer.

62.4 The employer acknowledges it will not adopt a negative cost cutting approach to pursuing productivity enhancements and is committed to ensuring adequate resources are allocated to maximise the full potential of any agreed initiatives.

62.5 Nursing and Midwifery Excellence

- (a) Queensland Health and the QNMU agree that this Agreement provides a critical mechanism to demonstrate recognition, respect and reward for the nurses and midwives employed by Queensland Health. Advancing nursing and midwifery excellence is a shared commitment of Queensland Health and the QNMU who will work in partnership to achieve this at the local facility and central levels via the NaMCFs and centrally via NaMIG.

- 63.2 NaMIG will establish a joint working group with a dedicated funded project officer for the life of the Agreement to investigate system change required to allow nurses and midwives to work to their full scope of practice.
- 63.3 The project will develop a strategy to overcome structural barriers that inhibit nurses and midwives working to their full scope to optimise health outcomes and achieve efficiencies in the Health system.
- 63.4 The project will include, but not be limited to, consideration of the following:

 - (f) Promoting an effective, efficient and value-based health system that is affordable and meets the growing needs of Queenslanders;
 - (g) Improving accountability, innovation and responsiveness through realising policy commitments to better meet community needs; and
 - (h) Optimising the opportunities to access all sources of health care funding.

- (c) Given the current and emerging workforce challenges, this will be a particular focus for NaMIG for the life of this Agreement.

65 Nursing and Midwifery Clinical Education roles

- 65.1 The parties recognise the essential role of nursing and midwifery clinical education services (nurse and midwife educators, facilitators and coaches) in leading and supporting nursing and midwifery professional practice through workforce capability development.
- 65.2 In recognition of the integral role that learning has to the provision of quality health care, each Hospital and Health Service must undertake appropriate planning to ensure that there are sufficient nurse and midwife clinical education resources to support both professions educational demands each financial year and/or where changes to nursing and midwifery service delivery occurs.
- 65.3 Nursing and midwifery clinical educators, facilitators and coaches must not be used to fill roster vacancies or leave, except in exceptional circumstances.

66 Nurse Practitioners

- 66.1 Nurse Practitioners will have 20% of their rostered hours allocated away from direct clinical duties to support them to work to their full scope of practice.
- 66.2 The parties recognise that Nurse Practitioner Candidates must be provided with the necessary academic and clinical support consistent with the regulator and academic requirements.

67 Nursing and midwifery governance

- 67.1 The parties acknowledge the value of a nursing and midwifery voice in governance at both the strategic and operational level within the health system, including:

- (b) Develop a tool kit for line managers and nurses and midwives to support them in understanding and implementation of industrial entitlements.

68 Rostering

68.1 Principles of Best Practice Rostering: Queensland Health Guidelines

- (a) The parties agree the Principles of Best Practice Rostering: Queensland Health Guidelines continue to be an important tool to promote and facilitate consistency of practice with respect to rostering across Queensland Health. The parties agree the guidelines should inform all rostering.
- (b) Employees responsible for rostering should be familiar with the Guidelines and where possible use them in the creation of rosters.
- (c) The parties will update the Best Practice Rostering Guidelines to include work undertaken in accordance with clause 49.1 of the NMEB10 and to consider changed requirements in this Agreement, including in relation to fatigue leave following telephone recall and the right to disconnect.

- 70.1 The parties acknowledge midwifery led models of care are central to facilitating:
 - (a) Evidence based models of care;
 - (b) Women centred models of care; and
 - (c) Midwives working to full scope of practice.

- 70.2 The employer recognises a midwife exercising a right to private practice, and with admitting rights to a facility of the employer, should not be restricted from being an employee of the employer.
- 70.3 The employer agrees that midwives with endorsement for scheduled medicines may apply their endorsement in practice where it is consistent with their role description. In this case, the midwife will provide evidence of registration as a midwife with endorsement to the employer annually.
- 70.4 The employer acknowledges that reflective practice contributes to research and practice development and is recognised as indirect hours which should be considered when building a service profile.
- 70.5 The parties acknowledge the increase in acuity and complexity in the delivery of maternity care for women and babies across the continuum of care. It is recognised that midwives provide care to women and babies.
- 70.6 Local agreements for a midwifery model of care will continue to be developed in accordance with Schedule 3 to the Award. Prior to implementation, local agreements must be signed by the Hospital and Health Service Chief Executive and the Secretary of the QNMU.

71 Nurse/Midwife Unit Managers

- 71.1 NUMs and MUMs are entitled to overtime according to clause 20.2 of this Agreement. Requests for approval of overtime by NUMs and MUMs will not be unreasonably refused.
- 71.2 Nursing and midwifery will be a high priority for the roll-out of the Integrated Workforce Management Program.

- 72.2 80% of graduate nurses or midwives employed by the employer across Queensland will be transitioned to permanent employment within 18 months of their employment in the graduate program, where a graduate who is employed in the employer's graduate program cannot be employed on a permanent basis in the first instance.
- 72.3 Graduate nurses and midwives may be appointed on a permanent basis in accordance with clause 58 of this Agreement.
- 72.4 Graduate nurses and midwives may be appointed outside of the employer's graduate program and on a permanent basis where the unit can provide the appropriate supervision and training.

78.2 NaMIG will have equal representation from the employer and the QNMU.

78.3 NaMIG is responsible for oversight of the implementation of this Agreement including all initiatives and projects.

79 Technology

79.1 Nurses and midwives are critical stakeholders in the development, implementation and evaluation of new and improved software and other technology systems.

79.2 The introduction of new technology can have a significant and ongoing impact on workloads. As such the impact must be taken into account in the BPF build.

80 Workplace Health and Safety

80.1 The parties to this Agreement are committed to continuous improvement in workplace health and safety standards through the implementation of an organisational framework which involves all parties in preventing injuries and illness at the workplace by promoting a safe and healthy working environment.

All nurses and midwives will be assisted in understanding and fulfilling their responsibilities in maintaining a safe working environment.

80.2 Local work health and safety committees will continue to oversight progress on local work health and safety issues.

80.3 The Workplace Health and Safety Advisory Committee, jointly with the employer and the public health sector unions, will continue to oversight progress on workplace health and safety issues.

80.4 Further, without limiting the issues which may be included, the parties agree to address the following issues:

- (a) guidelines on security for health care establishments;
- (b) aggressive behaviour management;
- (c) psycho-social risk;
- (d) workplace harassment;
- (e) working off-site;
- (f) workplace rehabilitation;
- (g) workers' compensation;
- (h) management of ill or injured nurses and midwives; and
- (i) guidelines for work arrangements (including hours of work).

80.5 Prevention of occupational violence

The parties will work together to advance the 2016 Occupational Violence Taskforce recommendations.

80.6 Imminent Risk to Safety

An employee may cease, or refuse to carry out, work if the employee has a reasonable concern that to carry out the work would expose them to a serious risk to their health or safety, emanating from an immediate or imminent exposure to a hazard.

80.7 Employee to notify if ceases work

An employee who ceases work under this clause must:

- (a) as soon as practicable, notify their line manager that they have ceased work under this clause unless the employee ceased work under the direction from a health and safety representative; and
- (b) remain available to carry out suitable alternative work.

80.8 Alternative work

If an employee ceases work under this clause, the line manager may direct the worker to carry out suitable alternative work at the same or another workplace if that work is safe and appropriate for the employee to carry out until the employee can resume normal duties.

80.9 Court attendance

Employees will be allowed paid time to attend court or other relevant tribunal where they have been a victim of assault at work or if they are required to attend as a witness to an assault at work.

80.10 Car Parking

- (a) A Health Service Directive was issued with an effective date of 1 July 2017. Its purpose is to provide safe, accessible and affordable car parking at Queensland's public hospitals for patients, their carers, visitors and hospital employees.
- (b) A guideline on the Health Service Directive on the provision of staff parking was issued with the same effective date. Hospital and Health Services are to follow this guideline when developing and reviewing their local hospital staff car parking arrangements.

80.11 Isolated Employees

NaMIG will monitor implementation by the Hospital and Health Services of the recommendations made by the Isolated Nurses and Midwives Sub Committee under the *Nurses and Midwives (Queensland Health and Department of Education) Certified Agreement (EB10) 2018*.

81 Workplace Bullying

The employer recognises that workplace bullying is a serious workplace issue which is not acceptable and must be eliminated.

PART 6 – NO FURTHER CLAIMS

82 No Further Claims

82.1 This Agreement is in full and final settlement of all parties' claims for its duration except where provided for in this Agreement. Unless specified otherwise, no party will pursue any extra claims relating to wages or conditions of employment whether dealt with in this Agreement or not. This Agreement covers all matters or claims that could otherwise be subject to protected industrial action. This clause does not prohibit or restrict an application being made under Chapter 5, Part 3 of the Act for an Equal Remuneration Order.

82.2 It is agreed that the following changes may be made to nurses and midwives' rights and entitlements during the life of this Agreement:

- (a) General Rulings and Statements of Policy issued by the QIRC that provide conditions that are not less favourable than current conditions;
- (b) any improvements in conditions determined on a whole-of-government basis; and
- (c) re-evaluation of positions.

82.3 Unless inconsistent with the terms of this Agreement, the entitlement of nurses and midwives covered

over to the next twelve-month period. The decision to have a payout is solely at the discretion of the employee. Where surplus hours are carried over, such hours must be taken off within that twelve months.

2.6 ADO and Workers' Compensation

- (a) Any ADO time rostered to be worked whilst on leave to claim workers compensation must be credited to the employee's ADO balance. Provided that where the employee is subsequently absent on leave claiming workers' compensation during any agreed ADO days after being credited with ADO hours, the employee must be deemed to have taken those ADO days.
- (b) Where an employee has actually worked ADO hours and is subsequently absent on workers' compensation leave during any ADO days, the employee may take accumulated ADO hours at a time mutually convenient to the employee and the principal. No relief will be available in such circumstances.
- (c) Claims sent to WorkCover Queensland must only reflect the ordinary hours that the employee was rostered to work during any absence on leave to claim workers compensation.

PART 3. HEALTH, SAFETY AND WELLBEING

3.1 Workplace Health and Safety

- 3.1.1 The parties to this Agreement are committed to continuous improvement in workplace health and safety standards through the implementation of an organisational framework which involves all parties in preventing injuries and illness at the workplace by promoting a safe and healthy working environment. All nurses will be assisted in understanding and fulfilling their responsibilities in maintaining a safe working environment.

3.2 Workload Management

- 3.2.1 The employer is committed to working with its employees and the QNMU to address workload management issues. It is acknowledged that high workloads can in some circumstances lead to unsafe work practices, therefore DoE should ensure safe work environments are not compromised, and that agency responsibilities under legislation including duty of care to all employees are complied with.
- 3.2.2 The *Nurses' Workload Management Guide* assists SSRNs, CNCs and regional line managers to effectively manage workload.
- 3.2.3 It is recognised by the employer that unrealistic expectations should not be placed on employees by line management to consistently perform excessive working hours whereby no opportunities arise to utilise accrued time or TOIL.
- 3.2.4 The employer is obliged to consider the impacts on workloads when organisational change occurs, particularly those impacts arising from the introduction of new programs and from machinery of government changes. Management at the local level should undertake appropriate consultation with affected employees when implementing organisational initiatives including machinery of government changes that may have an impact on workload of affected employees.

3.3 Flexible Work Arrangements

- 3.3.1 The employer recognises the increasingly complex interplay between people's work and personal lives and the challenges involved in managing work, family, caring and lifestyle responsibilities. It is committed to helping employers and employees establish workplace practices that improve flexible work, and have introduced a variety of initiatives on work, family, caring and lifestyle responsibilities.
- 3.3.2 The parties recognise that implementing flexible work initiatives will enable the employer to continue providing effective service delivery to the Queensland public, and to promote the value of diversity and inclusion in the workplace.
- 3.3.3 The employer is committed to improving the uptake of existing flexible work policies across DoE in order to realise the potential of flexible work as a tool to improve the attraction and retention of employees and subsequently productivity for employers.
- 3.3.4 The employer agrees to actively educate and provide practical tools to implement flexible work arrangements - including but not limited to flexible work arrangements policy, parental leave policy, purchased leave policy - for individual organisations and their employees in order to develop organisational cultures that support work-life balance, while increasing wellbeing and performance.
- 3.3.5 Workplace arrangements supported by the employer to assist employees in balancing work, family, caring and lifestyle

responsibilities include (but not limited to):

- (a) Leave arrangements – e.g. carer’s leave, study/training leave, career breaks, cultural leave, flexible access to long service leave, purchased leave;
- (b) Parenting and pregnancy arrangements – e.g. paid/unpaid parental leave, pre-natal leave, spousal leave, breastfeeding facilities, lactation breaks;
- (c) Flexible working arrangements – e.g. telecommuting, job sharing, flexible hours of work or accrued day off (ADO) arrangements, transition to retirement arrangements, compressed working weeks, averaging ordinary hours; and
- (d) Additional work provisions – e.g. employee services, health programs, exercise facilities, relocation assistance.

3.3.6 The employer should monitor the implementation and uptake of flexible work policies across their workforce in consultation through NACC.

3.3.7 The parties agree that all employees have a right to request flexible working arrangements and DoE will give fair and reasonable consideration to all requests for flexible work arrangements, and respond to the employee in a timely manner.

PART 4. DISPUTE RESOLUTION

4.1 The objectives of this procedure are the avoidance and resolution of any disputes over matters covered by this Agreement, by measures based on the provision of information and explanation, consultation, co-operation and negotiation.

4.2 Subject to legislation, while this dispute procedure is being followed, normal work is to continue except where the employee has a reasonable concern about an imminent risk to the employee’s health or safety. The status quo existing before the emergence of a dispute is to continue whilst the procedure is being followed. No party shall be prejudiced as to the final settlement by the continuation of work.

4.3 There is a requirement for management to provide relevant information and explanation and consult with the appropriate employee representatives.

4.4 In the event of any disagreement between the parties as to the interpretation or implementation of this Agreement, the following procedures shall apply:

- (a) the matter is to be discussed by the employee’s union representative and/or the employee(s) concerned (where appropriate) and the immediate supervisor in the first instance. The discussion should take place within 24 hours and the procedure should not extend beyond 7 days;
- (b) if the matter is not resolved as per (a) above, it shall be referred by the union representative and/or the employee(s) to the appropriate management representative who shall arrange a conference of the parties to discuss the matter. This process should not extend beyond 7 days;
- (c) if the matter remains unresolved it may be referred by the employee and/or his/her union representative to the NACC for discussion and appropriate action. This process should not exceed 14 days;
- (d) if the matter is not resolved then it may be referred by either party to the QIRC for conciliation, or if necessary, arbitration.
- (e) Nothing contained in this procedure shall prevent unions or the employer from intervening in respect of matters in dispute, should such action be considered conducive to achieving resolution.
- (f) The parties acknowledge that, for matters not covered by this Agreement, there are other dispute resolution procedures available.

- 5.2 Schedule 2 – Generic Level Statements to the *Nurses and Midwives (Queensland Health) Award – State 2015* apply with respect to Nurse Grade 6, Band 1, Nurse Grade 7 and Nurse Grade 8.
- 5.3 Subject to clause 11.1, during the term of this Agreement any decision to establish additional Nurse Grades for the State Schools Nursing Service will be in accordance with Schedule 1 – Wage rates of the *Nurses and Midwives (Queensland Health and Department of Education) Certified Agreement (EB11) 2022* and Schedule 2 – Generic Level Statements of the *Nurses and Midwives (Queensland Health) Award – State 2015*.

5.4 Cost of Living Adjustment Payments

5.4.1 *Definitions*

- 5.4.1.1 The following definitions apply for the purposes of the Cost of Living Adjustments (COLA) Payments clause:

agreement year – means one of the three 12 month periods from 1 April in one year to 31 March in the following year that includes a *calculation date*.

base wages – for an *eligible employee*, means the salary actually payable to the particular employee in the relevant *agreement year* for work covered by this Agreement and includes higher duties performed by the employee under this Agreement and includes the casual loading where applicable. It does not include any other allowances or additional payments howsoever described (such as: disability allowances or special rates, all-purpose allowances, overtime payments, shift penalties, weekend penalties, public holiday penalties, aggregated penalties or allowances, any payments of accrued leave where the leave is not taken; any payments for TOIL where the TOIL is not taken, COLA payments from previous periods, etc.).

calculation date – means, either:

- 31 March 2023 (COLA Payment Year 1); or
- 31 March 2024 (COLA Payment Year 2); or
- 31 March 2025 (COLA Payment Year 3).

COLA payment percentage – see section 5.4.3.2.

CPI – means the Brisbane Consumer Price Index (all groups, March quarter annual percentage change from the March quarter of the previous year), for the March that falls within the relevant *agreement year*, as published by the Australian Bureau of Statistics. Treasury will advise agencies of the CPI relevant to COLA considerations upon its release in each year.

eligible employee – see section 5.4.2.

Queensland government employee – means a person employed in a government entity, as defined in section 24 of the *Public Service Act 2008* as in force at 1 October 2022, and the entities specified at sections 24(2)(c), 24(2)(d) and 24(2)(h) of the Act: the parliamentary service, the Governor’s official residence and its associated administrative unit, and the police service.

wage increase under the Agreement – means the wage increase of either 4%, 4% or 3%, as specified in clause 13 of this Agreement, that occurs at the commencement of an *agreement year*.

5.4.2 Eligibility

5.4.2.1 *Eligible employees* covered by this Agreement may be entitled to receive Cost of Living Adjustment (COLA) payments based on the *calculation dates*, for up to three years only, and ending for the *calculation date* of 31 March 2025.

5.4.2.2 An employee is an *eligible employee* if they performed work under this Agreement during a relevant *agreement year* and they are covered by this Agreement on the relevant *calculation date* for the associated COLA Payment.

5.4.2.3 In recognition of employee mobility across the sector, where an employee would otherwise be an *eligible employee* in accordance with clause 5.4.2.2, but they are not covered by this Agreement on the relevant *calculation date* due to being employed elsewhere as a *Queensland government employee* on the *calculation date*, they will be deemed to be an *eligible employee* for the associated COLA Payment. To facilitate payment of the COLA Payment in this circumstance, the employee is required to provide relevant details of their eligibility to payroll.alert@qed.qld.gov.au.

Example – an employee works for the first 3 months under this Agreement, during a relevant agreement year, then takes up employment with a different department. They remain employed with the new department as at the relevant calculation date under this Agreement. Provided the employee provides the required notice and details of their current employer (as specified above) which confirms that they are a Queensland government employee as at the calculation date, they will be an eligible employee for that particular COLA Payment.

5.4.2.4 An employee who starts being covered by this Agreement after a *calculation date* is not eligible for the associated COLA Payment.

Example – an employee starts being covered by the agreement on 17 April 2023. The employee is not eligible for COLA Payment Year 1.

5.4.2.5 An *eligible employee* who did not perform work under this Agreement for the full *agreement year*, will receive a pro-rata COLA payment by reference to the *base wages* they received that was attributable to work under this Agreement.

Example one – an eligible employee is employed and works for 5 months under this Agreement during a relevant agreement year. Their base wages for the agreement year will reflect the 5 months they worked.

Example two – an eligible employee is employed for 12 months under this Agreement during a relevant agreement year and in those 12 months, works for 6 months, takes 3 months leave at half pay and takes 3 months leave without pay, under this Agreement. Their base wages for the agreement year will reflect the 6 months they worked, 3 months where they earned half pay and 3 months where they earned no pay.

Example three – an employee is employed for 12 months under this Agreement during a relevant agreement year and in those 12 months, works for 6 months under this Agreement and is temporarily seconded and works for 6 months under a different Agreement. Their base wages for the agreement year will reflect 6 months they worked under this Agreement.

- 5.4.2.6 An eligible employee who is casual or part-time will receive a pro-rata COLA payment based on the hours they worked in the relevant agreement year because of the definition of base wages.

Example – a part-time employee works 0.6 full-time equivalent during the agreement year. The employee's base wages for the agreement year reflect their hours of work.

- 5.4.2.7 In addition to the other requirements of clause 5.4.2, casual employees are eligible employees provided they have performed work under this Agreement, or as a *Queensland government employee*, within the 12 week payroll period immediately prior to the relevant calculation date.

5.4.3 Calculation and payments

Step one

- 5.4.3.1 A COLA Payment is only payable if, for the relevant agreement year, CPI exceeds the wage increase under the Agreement.

Step two

- 5.4.3.2 The relevant COLA Payment is calculated by first determining the percentage difference between the wage increase under the Agreement and CPI for the relevant agreement year and each COLA Payment is capped at 3% (the 'COLA percentage').

Example one: For COLA Payment Year 3, the agreement year is 1 April 2024 to 31 March 2025. The wage increase under the Agreement is 3% on 1 April 2024. In April 2025, the ABS releases the CPI figure for March 2025 as 3.9%. The COLA Payment is calculated as the difference between 3% and 3.9%, i.e. 0.9%. 0.9% is less than the 3% cap, therefore the COLA percentage is 0.9%.

Example two: For COLA Payment Year 1, the agreement year is 1 April 2022 to 31 March 2023. The wage increase under the Agreement is 4% on 1 April 2022. In April 2023, the ABS releases the CPI figure for March 2023 as 7.5%. The COLA Payment is calculated as the difference between 4% and 7.5%, i.e. 3.5%. However, because the COLA Payment is capped at 3%, the COLA percentage is 3%.

Step three

- 5.4.3.3 To calculate an eligible employee's COLA Payment, the relevant employee's base wages for the agreement year are adjusted to determine what their base wages would have been if the relevant wage increase under the Agreement had not been applied for that agreement year. This is done by using the following formula to first determine the value of 'a':

$$a = 100 / (1 + \text{relevant wage increase under the Agreement expressed as a decimal})$$

- 5.4.3.4 Then the relevant employee's base wages are then multiplied by 'a', where 'a' is expressed as a percentage:

Example: The wage increase in the Agreement for that agreement year was 4% on 1 April 2022. The base wages payable to the relevant employee for the agreement year from 1 April 2022 to 31 March 2023 is \$90,000. The calculation occurs as follows:

- $a = 100 / (1 + 0.04)$
- $a = 96.1538$
- $\$90,000 \text{ adjusted by } 96.1538\% = \underline{\$86,538.42}$

Step four

- 5.4.3.5 The figure from clause 5.4.3.3 is then multiplied by the COLA Percentage calculated in clause 5.4.3.2 to determine the particular employee's COLA Payment for that agreement year.

Example: The COLA percentage is 3%.

- $\$86,538.42 \text{ multiplied by } 3\% = \underline{\$2,596.15}$

- 5.4.3.6 COLA Payments are one-off, do not form part of base salary and will be taxed according to the applicable law.

5.4.4 Timing of information and payments

- 5.4.4.1 For *eligible employees* under clause 5.4.2, if payable, the relevant COLA Payment will be made within three months following the relevant *calculation date* and release of the *CPI*.
- 5.4.4.2 For *eligible employees* under clause 5.4.2, if payable, the relevant COLA Payment will be made within three months of the employee providing the notice of their employment pursuant to clause 5.4.2.3.
- 5.4.4.3 The Department of Education will provide advice to unions and employees covered by this Agreement on the timing of payroll processing for each COLA payment.

PART 6. PROFESSIONAL DEVELOPMENT

6.1 Professional development leave

- 6.1.1 All permanent employees are entitled to three (24 hours) per annum (pro rata for part-time) paid professional development leave, to attend approved professional development relevant to nursing practice including:
- (a) study support;
 - (b) short courses; and
 - (c) professional association events.
- 6.1.2 Professional development leave may be accumulated for two years.
- 6.1.3 The leave will be paid at single time.
- 6.1.4 The annual entitlement to leave is available from the commencement of this Agreement. For employees who are appointed after the date of commencement it will be calculated from the employee's anniversary date.
- 6.1.5 Any component of the leave entitlement not accessed after two years will be waived. The leave is not paid out on termination from employment, including resignation and retirement.
- 6.1.6 All reasonable travel time associated with accessing professional development leave is paid work time on the basis of no more than eight hours single time for each day of travel.
- 6.1.7 Paid professional development leave is an entitlement over and above all current entitlements, assistance or obligations. That is, this leave will not be used as a substitute for mandatory training, maintenance of ongoing nursing skills necessary for a nurse to perform the normal duties and functions of their position or other training required by the employer.
- 6.1.8 Professional development leave is not a substitute for the assistance provided by the Study and Research Assistance Scheme (SARAS).
- 6.1.9 The employer will ensure that back-filling for professional development leave is fully funded and incorporated in service budgets.

6.2 Professional development allowance

- 6.2.1 An employee under this Schedule working 16 hours or more a fortnight is entitled to be paid the following professional development allowance on a pro-rata basis in accordance with the categories in Schedule 4 – Hospital and health Service and Facility Categories to the *Nurses and Midwives (Queensland Health) Award – State 2015*.
- 6.2.2 The allowance will be paid in the last pay period of March and September each year in accordance with the below table:

- 6.2.3 The allowance will be paid directly to nurses via the payroll system. The allowance is paid as normal salary and is included in gross earnings before tax. Payment is made for periods of leave, but is not to be included when calculating leave loading, penalty rates or overtime. The allowance is not included in superannuable salary or in ordinary time earnings (OTE) relating to superannuation.
- 6.2.4 The allowance is paid out on termination from employment, including resignation and retirement. The rate for calculating payment of the allowance upon termination will be the rate applicable at date of termination.

PART 7. QUALIFICATIONS ALLOWANCE

- 7.1 DoE commits to identifying the qualifications relevant to the roles of Nurses in DoE, and the parameters and requirements for eligibility within 12 months of certification of this agreement.
- 7.2 The qualifications allowance will be available for payment to eligible employees from 1 April 2019.
- 7.3 Accelerated paypoint advancement and qualifications allowance
- (a) the following provisions apply to an employee Nurse Grade 6 and 7 who holds a qualification or advanced qualification recognised by the employer as relevant to the employee's current position which is in addition to the qualification required for registration as a registered nurse or registered midwife with AHPRA.
- (b) A **qualification** is:

 (ii) a second bachelor degree.
- (c) An **advanced qualification** is a master's degree or PhD.
- (d) Accelerated paypoint advancement
- An employee who obtains a qualification or advanced qualification, and who is not at the maximum paypoint of their classification, will be advanced by one paypoint from the date the qualification is accepted by the employer but will retain their existing increment date.
- (e) Qualification and advanced qualification allowance
- (i) The qualification allowance is calculated on the basis of 3.5% of the wage rate of a Nurse Grade 5, paypoint 7.

- (iii) The qualification allowance and advanced qualification allowance is payable for all purposes of this Award.
- (f) The qualification allowance and advanced qualification allowance is payable as follows:
- (i) Employees at the maximum paypoint:

- (ii) Employees at the second last paypoint:

When an employee is on the second last paypoint at the time of receiving the accelerated advancement in paypoint in accordance with clause 8.3(d), which would then place them on the maximum payment, the relevant allowance is payable from their next increment date and not upon the completion of 12 months' service at the maximum paypoint.

(iii) Employees not at the second last or maximum paypoint:

- (A) An employee who qualifies for an allowance under clause 8.3(a) and who is not at the second last or the maximum paypoint of their classification is entitled to the relevant allowance upon the completion of 12 months' service at the maximum paypoint.

- (ii) An employee in receipt of an allowance under clause 8.3(g)(i) is entitled to retain the relevant allowance upon promotion to a higher level, Nurse Grades 6 and 7, inclusive, subject to the qualification being recognised by the employer as relevant to the employee's higher position.
- (iii) An employee in receipt of an allowance who relieves in a higher position which does not attract the allowance will be placed on the paypoint within the classification of the higher position which ensures the employee's current rate of pay (including the relevant qualification allowance but excluding penalty rates) is not reduced.

(h) Qualification allowance where more than one qualification

- (i) An employee who has advanced a paypoint under the above provisions is not eligible for any further advancement with respect to a qualification of equivalent value.

In such cases the employee also retains the qualification allowance of 3.5%.
- (iii) In such as case, following 12 months' service at the maximum paypoint of the higher classification, the employee forfeits the qualification allowance of 3.5% and the advanced qualification allowance of 5.5% is payable.
- (iv) Only one allowance is to be paid at any one time.

(i) Qualifications no longer relevant

When an employee's qualification is no longer recognised by the employer as relevant to the employee's current position, any allowance payable under the above provisions will cease from the date the employer formally advises the employee of such situation in writing.

PART 8. EMPLOYMENT SECURITY, ORGANISATIONAL CHANGE AND RESTRUCTURING

8.1 Organisational Change and Restructuring

- 8.1.1 The employer is committed to providing stability by limiting organisational restructuring and contracting-out of services.
- 8.1.2 These commitments are affected through the Government's Employment Security Policy and the Policy on the Contracting-Out of Government Services.
- 8.1.3 DoE shall provide in writing to the members of the NACC of their intention to implement organisational changes that may affect the employment security of employees, prior to the commencement of any planned changes. This shall include all information required to be provided in accordance with the "Introduction of changes" and "Redundancy" clauses of the Public Service Award. The employer is also required where requested to provide the QNMU with a listing of the affected staff comprising name, job title and work location.
- 8.1.4 It is acknowledged that management has a right to implement changes to ensure the effective delivery of public services. The consultation process will not be used to frustrate or delay the changes but rather ensure all viable options are

considered. If this process cannot be resolved at the NACC in a timely manner either party may refer the matter to Education Consultative Committee for resolution.

- 8.1.5 The parties agree that the employer should report to unions on a quarterly basis the current status of employment practices within DoE. This report should be provided on a quarterly basis at the NACC. Specifically, the report should detail the following:
- (a) a snapshot of the current workforce including the total number of employees, the number of employees by appointment type (permanent, temporary and casual), stream allocation;
 - (b) a report on the variance from the previous quarter in the use of casuals and temporaries;
 - (c) any significant variance in the number of permanent employees;
 - (d) the conversion of temporary employees to tenured status.
- 8.1.6 Permanent employees will not be forced into employment as a result of organisational change or changes in departmental priorities. Where changes to employment arrangements are necessary, there will be active pursuit of retraining and alternative placement opportunities. There is a responsibility on the employee to meaningfully participate in the opportunities made available. The employer will comply with all relevant directives.
- 8.1.7 All provisions and entitlements relating to organisational change and restructuring can be found in the directives relating to early retirement, redundancy and retrenchment and employment arrangements following workplace change (as amended) which will apply for the life of this Agreement.
- 8.1.8 The employer must provide relevant information to the QNMU when it intends to apply the provisions of the directive (as amended) relating to early retirement, redundancy and retrenchment where an employee may be genuinely redundant or is to possibly be retrenched. Such information must be provided at the same time the employer's intentions are communicated to the employee. An affected employee must be provided with notice of DoE's intention to make redundant or retrench the employee sufficient to allow the employee to seek relevant independent advice.

8.2 Contracting Out

- 8.2.1 It is the clear policy of the employer not to contract out or to lease current services. There will be no contracting out or leasing of services currently provided by the employer at existing sites except in the following circumstances:
- (a) in the event of critical shortages of skilled staff;
 - (b) the lack of available infrastructure capital and the cost of providing technology;
 - (c) extraordinary or unforeseen circumstances; or
 - (d) it can be clearly demonstrated that it is in the public interest that such services should be contracted out.
- 8.2.2 Consultation Processes – General
- (a) Where the employer seeks to contract out or lease current services, the union will be consulted as early as possible. Discussions will take place before any steps are taken to call tenders or enter into any otherwise binding legal arrangement for the provision of services by an external provider.
 - (b) For the purpose of consultation, the union will be given relevant documents. The employer will ensure that the union is aware of any proposals to contract out or lease current services. It is the responsibility of the union to participate fully in discussions on any proposals to contract out or lease current services.
 - (c) If, after full consultation as outlined above, nurses and midwives are affected by the necessity to contract out or lease current services, the employer will:
 - (i) negotiate with the union employment arrangements to assist nurses to move to employment with the contractor;
 - (ii) ensure that nurses are given the option to take up employment with the contractor;
 - (iii) ensure that nurses are given the option to accept deployment/redeployment with the employer; and

- (iv) ensure that as a last resort, nurses are given the option of accepting voluntary early retirement.

8.2.3 Consultation Processes – Emergent Circumstances

- (a) The employer can contract out or lease current services without full consultation with the union in cases where any delay would cause immediate risks to students and/or detriment to the delivery of the State School Nursing Service.
- (b) In all cases information must be provided to the union for review in relation to these cases and to assist in determining strategies to resolve any issues that arise. These circumstances would include:
 - (i) in the event of critical shortages of skilled staff; or
 - (ii) extraordinary or unforeseen circumstances.

PART 9. SALARY PACKAGING

9.1 Salary Packaging

9.1.1 Salary packaging is available for employees covered by this Agreement.

9.1.2 The employer is to apply the following principles for employees that avail themselves of salary packaging:

- (a) as part of the salary package arrangements, the costs for administering the package, including fringe benefits tax, are met by the participating employee;
- (b) there will be no additional increase in superannuation costs or to fringe benefits payments made by the employer;
- (c) increases or variations in taxation are to be passed to employees as part of their salary packaging;
- (d) where mandated by relevant government policies, employees must obtain independent financial advice prior to taking up a salary package. Where no mandatory requirement exists, it is strongly recommended to all employees to seek independent financial advice when entering into a salary packaging arrangement for the first time, or adding new item/items to an already agreed packaging arrangement;
- (e) the employer will pass on to the employee any Input Tax Credits (ITCs) it receives as part of salary packaging;
- (f) there will be no significant additional administrative workload or other ongoing costs to the employer;
- (g) any additional administrative and fringe benefit tax costs are to be met by the employee;
- (h) any increases or variations to taxation, excluding payroll tax that result in additional costs are to be passed on to the employee as part of the salary package.

9.1.3 The employee's salary for superannuation purposes and severance and termination payments will be the gross salary, which the employee would receive if not taking part in flexible remuneration packaging.

9.1.4 Subject to federal legislation, employees may elect to adjust their current salary sacrifice arrangements to sacrifice up to 100% of salary to superannuation.
